DETAILED ACTION

Election/Restrictions

Claim 1 is allowable. The restriction requirement has been reconsidered in view of the allowability of claims to the elected invention pursuant to MPEP § 821.04(a). **The restriction requirement is hereby withdrawn as to any claim that requires all the limitations of an allowable claim.** Claims 14 and 26-32 are no longer withdrawn from consideration because the claim(s) requires all the limitations of an allowable claim.

In view of the above noted withdrawal of the restriction requirement, applicant is advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application.

Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

Allowable Subject Matter

Claims 1-18 and 20-38 are allowed.

The following is an examiner's statement of reasons for allowance: the prior art fails to teach a catheter assembly that includes, among all the limitations, at least one heat transmitting mechanism comprising at least one fluid transmission lumen defined only by the lumen wall, the lumen wall positioned between the inner shaft and the outer shaft.

The prior art most similar is to Danforth (USPN 4,822,345); however, Danforth does not teach at least one fluid transmission lumen defined only by the lumen wall. Instead the heat transmission lumen is defined in part by the inner side of the outer shaft wall and the outer side of the inner shaft wall. See figure 9B.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Catherine S. Williams whose telephone number is 571/2724970. The examiner can normally be reached on Monday - Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Nicholas D. Lucchesi can be reached on 571/2724977. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
